## Synopsis

The classic story tells of Belle, a young woman in a provincial town, and the Beast, who is really a young prince trapped under the spell of an enchantress. If the Beast can learn to love and be loved, the curse will end and he will be transformed to his former self. But time is running out. If the Beast does not learn his lesson soon, he and his household will be doomed for all eternity.

## A Note From the Director

Bonjour! Thank you for being here and for supporting Hi-Liner's production of Disney's Beauty the Beast, Jr.

From the moment I stepped in to the audition room, our production had a level of excitement that I personally haven't experienced since before the pandemic. The students were beaming. There was something so joyful about returning to the "tale as old as time" and getting to tell that story in our way, here and now, with this incredible cast and crew.

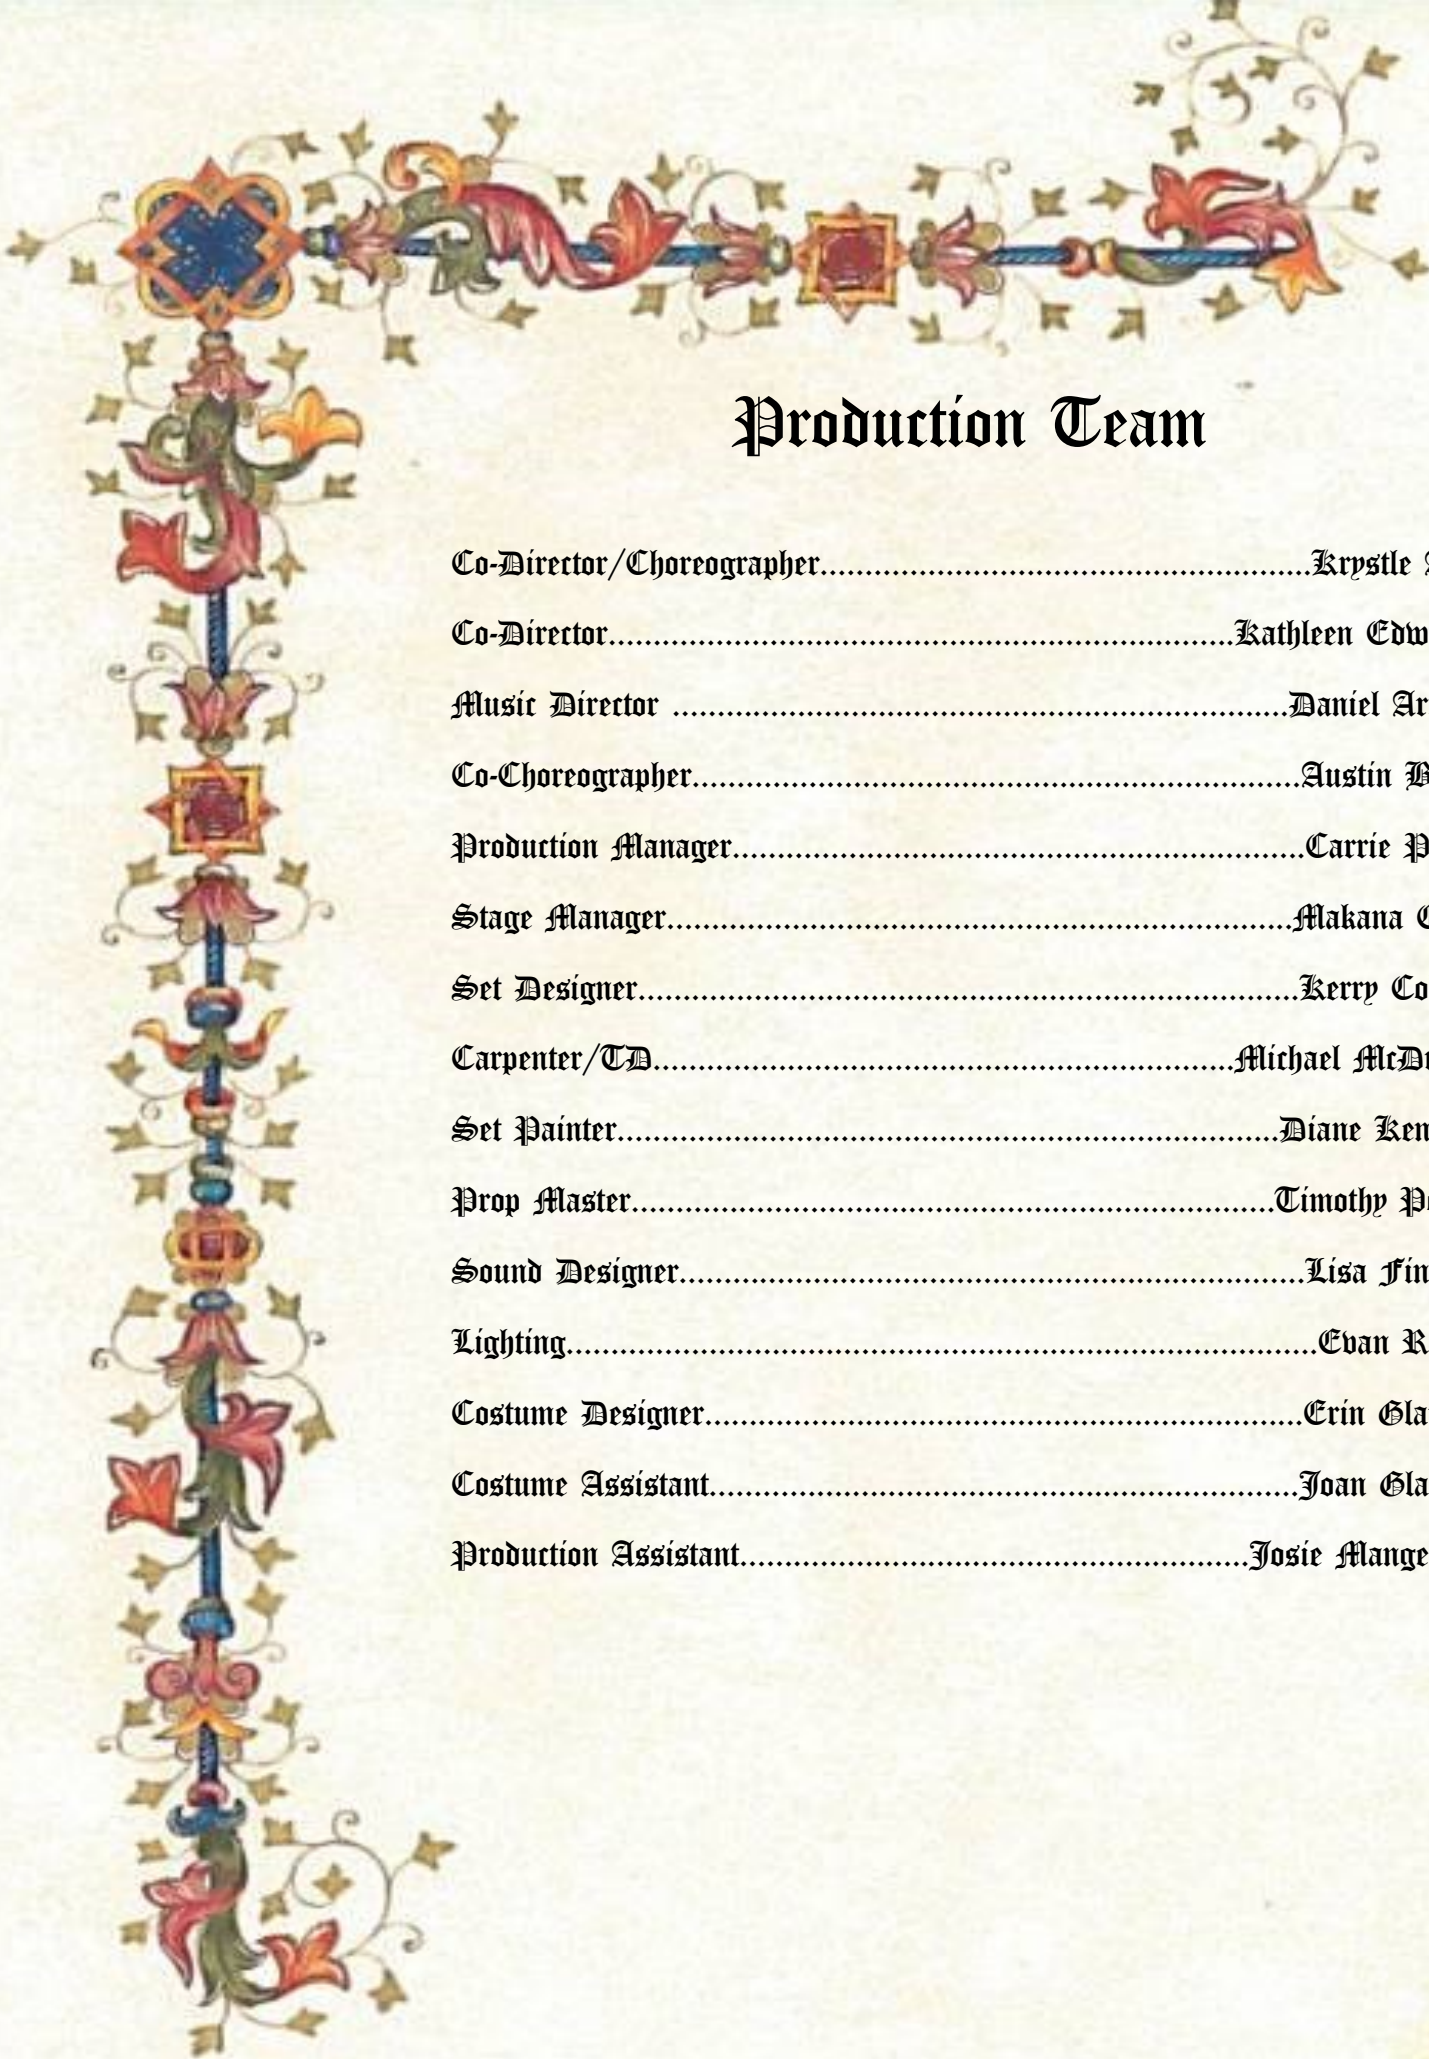

Beauty and the Beast, Jr. is a story about transformation and that theme has gone far beyond the show itself. Being the first Hi-Liners production here at Highline Community College, we started with a theatre that has been used as a classroom for many, many years. The theatre here literally parallels the Castle in our story. We had to transform this space back into the beautiful, intimate theatre you will be enjoying today. Throughout this process, I have been in so much awe and appreciation of how much our cast, crew, production team and many volunteers have contributed to making this theatre shine. It has been a life lesson to watch how these students have supported each other through the process. Together, we have experienced the wonder of transformation as we worked to bring this story to the stage.

There has truly been a feeling of magic in the air throughout the process and I approached directing the show with that spark being my guiding light. I really wanted to create that warm feeling of familiarity to a story we all know and love, but also to surprise and delight. As you prepare to watch Beauty and the Beast Jr., my hope is that you feel the comfort of opening a well known fairytale book, while being immersed into the unknown magic that awaits you.

It is an absolute honor to be a part of the Hi-Liners organization and to have worked on this production. Thank you from the bottom of my heart.

I hope that you, too, are transformed by what you see, to dream a little harder, believe a little more and to recognize the magic that is found within yourself and others.
